

EXTRA-TERRITORIALITY

Rationale:

Students are expected to behave according to school expectations at all times, whether at school or outside school grounds. Students identified as students of the school who breach school rules outside the school grounds will be subject to normal behaviour management processes.

Purpose:

The purpose of this policy is to inform students of their responsibility to behave according to school standards, whether on school grounds or in the wider community.

Scope:

This policy applies to all students.

Guidelines:

1. Students shall meet the school's standards of behaviour and uniform both within the school and in the wider community at any time that they are identifiable as WBHS students (through location, uniform, engaging in school activities, social networking or any other link to the school).
2. Students who engage in any illegal activity whether on school property or not, while identifiable, as WBHS students shall be in breach of this policy.
3. A student found to be in breach of this policy may be subject to the normal disciplinary procedures that apply to students within the school grounds.
