Karen will be meeting with the MoE to discuss the high number of students requiring placement into supported learning classes. Of concern is how to cater for the growing number of students. We physically do not have available classroom space. • NCEA change package Further information is being received daily regarding the changes. • Kahui Ako – Achievement Challenge 3 : Wellbeing Karen spoke to the overwhelming amount of support being shown to the school following the incident at Abbey Caves. Karen will respond to those that have reached out. • Attendance Report Unjustified absences reporting: Karen and Rachel (DP) have been working on changing the current reporting so that the report is more meaningful. The new reporting will only capture students that are bunking or absences that have been reported but are not justified. The Board supported the new report for ongoing board meetings. <p>The MoE Truancy Officer funding has been allocated to Ngātiwai. Karen advised that it has not been made clear how this will operate for individual schools. Karen will contact Ngātiwai for clarification and report back to the next meeting.</p> <p>Karen Advised that our Attendance Support Officer will be providing a monthly report to the Board. This reporting has not yet been implemented as Michelle has been covering duties (3 days per week) in the Student Centre until a new appointment was made.</p> <ul style="list-style-type: none"> • Indicator Report Our current roll is 1316. Karen is predicting the roll to be up to 1400 next year. The school was built to 1300, so we are now over capacity. The solution to this is either an enrolment scheme or to commence building the planned extension. <p>Subject Teacher meetings for parents has been considered, however this would require the school to be closed for instruction for 3 days. Whanau Conferences will continue and Karen will report on this at the next meeting.</p> <p>It was noted that suspensions are down. This is in no small part due to the input of our Social Worker and Head of Inclusive Learning working with our students</p> <p>Leavers: It is concerning the number of Y9 and Y10 students that are not attending or leaving school. On a positive are the number of students leaving having gained employment.</p>
