About the academy

A regular programme of longer training sessions in Terms 1 and 4 gives our team the preparation it needs to compete at the top level.

Training is mainly in 420 dinghies for team racing, with other keelboats available for keelboat training. Sailors will often have the chance to do extra training on weekends, along with match racing training.

Our goals

- Longer training sessions with higher levels of competition
- Training in other boats for fleet racing experience
- Qualifying and competing in the gold fleet at the Harken Keelboat Nationals and Team Racing Nationals
- Creating pathways into the Royal New Zealand Yacht Squadron Youth Training Programme for students in Te Tai Tokerau

Good to know

- **Transport** is arranged by parents, or students who can drive themselves
- **Senior students in Term 4:** external assessments and tutorials take priority over the Sailing Academy
